Leadership Cohorts / Leaders Retreat / Leadership Coaching.

In 2024, SKMB has already invested over **\$15,000** in developing and caring for existing vocation leaders in the province. This amount is on top of the **\$14,000** awarded in student bursaries, internships and Leaders Collective work for up and coming leaders. SKMB takes seriously the challenge of raising up and training leaders to serve in our churches, camps and schools.

SKMB continues to explore new ways of investing in developing and maturing leaders. Check out our student bursaries for Gospel / Bible training, our church internships grants geared to support disciples in honing their ministry gifting. Have a look at our Leaders Collective ministry, a ministry focused on enhancing the leadership capacity of lay leaders serving their churches. All of these opportunities can be explored at skmb.ca.

Also, check out our lay leader equipping video resource at skmb.ca. All of these resources are possible because of your giving.
